Dear Xuerong Mao,

We'd like to inform you that [Research.com](https://research.com), a leading academic platform for researchers, has just released the 2023 Edition of our Ranking of Best Scientists in the field of Mathematics.

We are sure you will be very happy to learn that you have ranked #86 in the world ranking and #4 in United Kingdom. You have also been recognized with our Mathematics Leader Award for 2023. Congratulations!

The ranking is based on D-index (Discipline H-index) metric, which only includes papers and citation values for an examined discipline. The ranking includes only leading scientists with D-index of at least 30 for academic publications made in the area of Mathematics.

The full world ranking is available here: <https://research.com/scientists-rankings/mathematics>

The full ranking for United Kingdom is available here: <https://research.com/scientists-rankings/mathematics/gb>

Feel free to also read an article summarizing the statistics and trends from our ranking here:
<https://research.com/careers/best-mathematics-scientists-2023-report>

Please accept our sincere congratulations. Being present in our ranking is definitely a great achievement for you and your university or research institution. Feel free to share and publicize your accomplishment in any way you see fit.

With Best Regards,

Imed Bouchrika, Phd

Co-Founder & Chief Data Scientist
